Cannon Place Book Store,
Cannon Place Paper Store,
Cannon Place Blank Book Store,
Cannon Place Stationery Store,

It has for years been the aim of the proprietors to make Cannon Place Store a model in its capacity to supply its customers with every article they could reasonably expect to find in a well-appointed Book, Paper and Stationery Store.

With this object in view, they have been continually adding new lines of goods to their assortment, and have so organized and systematized their business as to insure a more full and complete stock always on hand than can usually be offered.

A Greater Range of Goods can be found at 8, 9 and 10 Cannon Place than in any other Store of the kind in the State.

This, we think is a fact; for even in New York City one finds it necessary to visit one book store for School Books; another for Sunday-School Books; another for Music Books; another for English Books; and still another for Medical Books; a Blank Book establishment for Blank Books, Drafts, Notes, Diaries, &c.; a Stationer's for Law Blanks; a Retail Stationery Store for Fine Stationery, Initial Stamping &c.; an Engraver for Wedding or Calling Cards; a Toy or Fancy Store for Croquet or other games; and to a Paper Warehouse for Wrapping, Roll or Printing Paper, Paper Bags, Direction Labels, and Tags; and would be put to their wit's end to find

Numerous Other Articles which help make up Our Stock.

INTRODUCTORY.

The publishers of the Troy Directory take pleasure in laying before their patrons this, the forty-fifth annual issue of their indispensible cyclopedia of the business pursuits of the citizens of this city and its immediate vicinity.

Since being put to press, the Legislature passed a new bill (May 29), creating the Rensselaer Police Act, which is intended to take the place of the Troy City Police, but its provisions have not yet been perfected, and we have only given the officers named in the new commission, which may be found on page 306.

We have also added this year a new map of the city at a considerable expense, which we trust will be acceptable to our patrons, and which we intend to correct from year to year, noting new streets, avenues, and other improvements, as they occur from time to time.

During the past year the following persons whose names appeared in the first issue of the City Directory (1829), have gone to their final rest: Charles Veazie, George Vail, Walter Arms, Joseph Wickes, Stephen Covell and Harvey Betts, six of our former number who have been identified with the growth and interests of our city.

Our complete set of the City Directories are often consulted for such information as they contain, and are open for inspection to all such as desire to examine them.

WILLIAM H. YOUNG & BLAKE.

STREET DIRECTORY.

GIVING the name of each street, and showing what other streets and places run from it or across it, with the number at which they intersect.

From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Second street No. 168 comes, you look at Second street, on page 13, and find that Liberty street crosses at 158, and Washington street at 178, showing that 168 Second street would come half way between Liberty and Washington streets.

REQUIREMENTS FOR ADMISSION.

Previously to examination the candidate must present testimonials of good moral character to the Director of the Institute.

For admission to Division D, at the opening of the Winter Session, the candidate must be at least sixteen years of age, and pass satisfactory examinations in Arithmetic, Geography, English Grammar including Spelling, five chapters of Davies' Bourdon's Algebra and three books of Davies' Legendre's Geometry. For admission to advanced standing, at the opening of either the Winter or Summer Session, the candidate must be correspondingly older, and pass satisfactory examinations in the same, and also in all the previous studies of the Division which he proposes to enter. These examinations are extended and rigorous, including both Principles and Practical Examples.

SESSIONS AND VACATIONS.

The Scholastic year is divided into two Sessions of twenty weeks each. After the first, or Winter Session, there is a vacation of one week; and after the Second or Summer Session, there is a vacation of eleven weeks.

The Scholastic year of 1873-74 will commence on the 17th of September, 1873.

TESTIMONIALS.

Having attended an examination in Mathematics in Prof. Willson's school. I take pleasure in expressing my great satisfaction with the manner in which it was conducted, and with the excellence of the result. The thorough knowledge of principles exhibited by the members of the class, and their ready command of them in practical application, were a sufficient indication of the discipline they had received in this department of their training. I cordially recommend the school as one well worthy of general patronage.

TROY, June 30, 1859. DASCOM GREENE,
Prof. Mathematics, &c., Rens. Pol. Inst.

It is with great pleasure that the undersigned, having attended an examination in the classics, held at Troy Academy, on the 7th of June, 1864, express their appreciation of the results of the training under Prof. Willson. The proficiency, both in the Latin and Greek languages, attained by those who received instruction from him, their familiarity with the various forms, and their exactness in translation testified in no doubtful manner to the diligence and tact of their instructor. It should be stated in connection with the above, that the recitations were from portions of the works selected by the committee at the request of the Principal, and that no opportunity was given for any other preparation than that already furnished by the discipline of the session.

Money Order and Registry Department.—E. SHULTZ, *Clerk.*

Stamp Window.—E. W. BURRAGE, *Clerk.*

There are four deliveries daily between Hoosick and Ida streets. Carriers leave the office as follows: At 7.30 A. M., 10.30 A. M., 2.30 P. M. and 5 P. M. Two deliveries, viz.: at 7.30 A. M. and 2.30 P. M., in Fifth, Sixth and Tenth Wards. Letters collected from street boxes on return from each trip. In addition to the above named deliveries, special deliveries will be made on the arrival of every important mail, on River street between the bridge and Ferry street, on Fulton street and on Broadway. ☞ This mode of delivering letters is equally as safe and expeditious as delivery at the Post Office. It also saves the time and trouble of calling at the Post Office after the arrival of each mail.

Sending Money by Mail.

Money should never be enclosed in an ordinary letter. The Post Office Department has devised two methods for the safe transmission of money, one of which should be invariably used. A list of money order offices will be found at the Post Office. When the office to which it is desired to send money is not a money order office, persons should avail themselves of the provisions for Registering Letters. Letters may be registered and thus sent with safety to any Post Office in the United States, Canada, Great Britain, and most foreign countries at a trifling cost.

This Company owns the entire water-power of the Mohawk River at Cohoes, embracing the celebrated Cohoes Falls. Aggregate fall one hundred and twenty feet, giving nearly ten thousand horse-power.

The Company has constructed (and by means thereof diverts the water from the river to their canals) a stone dam, which with the gate-house and head gates connected therewith are among the finest structures of the kind in the United States.

The canals are so constructed as to give a succession of falls from one canal to another, varying in height from twelve to twenty-five feet. The power is leased by the Company, with land for factory buildings, in perpetuity, at an annual rental of about twenty dollars per horse-power, and considering the locality, is the cheapest in the country. It is an unfailing power, and during the past few years, while most of the water-powers in the country have failed for a time, Cohoes has had abundant supply, without one minute's stoppage. About one-third of this magnificent power is unappropriated, and appurtenant thereto are some of the finest factory sites to be found anywhere.

Cohoes is situated at the confluence of the Mohawk and Hudson rivers, about four miles from Troy and ten from Albany, and is eligibly located with reference to New York and other markets, and possesses superior advantages for transportation to market, either by river, canal, or railroad, having two canals and two railroads running through it. It is a thriving young city of nearly twenty thousand inhabitants, and contains some of the finest cotton and other factories in the United States.

JOHN C. HOELLINGER,

BREWER OF X, XX and XXX ALES AND PORTER,

Also, India Pale Export and Home Brewed Ales, Best Pure Export Stock and Porter, Bottled expressly for Family use,

Corner Second Street and Canal Avenue, - - - TROY, N. Y.

The above Ales are warranted to be made of nothing but pure malt and hops, brewed in the most scientific manner with great care, which are no doubt the best reasons that can be given to recommend the same to Dealers and Families as the best that can be had.

READ THE FOLLOWING AND JUDGE FOR YOURSELF:

TROY, April 10, 1871.—Mr. Hoellinger, Dear Sir:—The Ale you sent me to try, I consider it a very well brewed article, and can recommend it to those who use Malt Liquors, as a pure, wholesome and pleasant beverage.
JAMES THORN, M. D.

TROY, April 13, 1871.—I herewith take pleasure to certify that I have carefully examined, and tried the Export Ale manufactured by John C. Hoellinger of this city, and have full reason to recommend the same as a delightful, nutritious table beverage, and a pleasant strengthening tonic, also adapted for the weak and debilitated, especially nursing mothers.
HERMAN GNADENDORF, M. D.

TROY, April 10, 1871.—Mr. Hoellinger, Dear Sir:—It gives me great pleasure to recommend your Bottled Ale for family use, but especially adapted for invalids.
H. C. MURPHY, M. D.

Button Engine Works,

ESTABLISHED 1834.

We are Manufacturing the

Lightest, Simplest, Most Powerful, Most Durable and Easiest Handled

ENGINE IN USE.

It is the only Crane Engine with 4 feet 6 inch wheels, and the only one which has no weight on the Arched Frame. Every working joint and every packing about the Engine can be "Set Up" when worn. We also make and furnish

Hand Engines,

HOSE CARRIAGES AND CARTS,

Hook and Ladder Trucks,

HOSE, DISCHARGE PIPES, NOZZLES,

AND

ALL KINDS OF FIRE APPARATUS,

INCLUDING

Steam and Power Pumps,

AND BOILER FEEDERS OF ALL SIZES.

These Pumps are made from patterns of our own invention, and being the result of forty years experience, we can safely claim for them a decided superiority over anything heretofore in use. All parts of the Pump are easily accessible, and the piston packing can be "TIGHTENED" by turning a single screw, which can be done when the pump is in operation. We are making Pumps to discharge from one pint to one thousand gallons of water per minute, and the force with which the water can be discharged, is only limited by the power applied. When run at a fair working speed they are quite noiseless.

Organized as the Exponent of the Non-Forfeiture Law of Massachusetts.

It was the FIRST Company to proclaim the benefits of this Statute to to the public; the first to make all its policies subject to this Statute, and which had "the honor of the first practical compliance with the Statute."

All the Profits are divided among the Policy-holders. Dividends paid annually on the Contribution Plan, commencing one year from the date of the policy, and may be used as Cash in payment of premiums or to purchase additions to policy.

All its policies are Non-Forfeitable after One Payment, or entitled to a paid up policy.

By reference to the Report of the Insurance Commissioner of Massachusetts, it will be seen that this Company is not surpassed by any other in the United States, as to security to Policy holders.

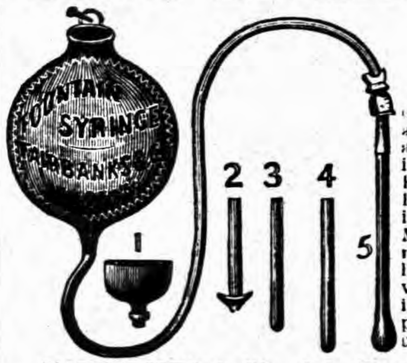
BEST SYRINGE IN THE WORED!

Physicians' and Druggists' Notice.



It is finally conceded by the prominent Physicians throughout the United States, that the Fountain Syringe is superior to all others, whether used as a DOUCHE FOR CATARRH or for any other purpose where an enema is required. It is self-acting; no valves to get out of order, no pumping, no air injected. Be sure and send for a circular before purchasing any of the BULB SYRINGES. We refer by permission to Chas. E. Buckingham, M.D.; John P. Reynolds, M.D.; George Hayward, M.D. Dr. Winslow Lewis says: "During a professional life of nearly fifty years,, he has used all the various syringes made here or abroad. All of them are more or less complicated, the valves soon getting out of order, and those without valves inconvenient. 'The Fountain Syringe' satisfactorily accomplishes all the desiderata required. It deserves all success, and undoubtedly will command it." Manufactured by.
